EMSE 2018-2019 · 1st Semester (SEP)

Mandatory Subjects (16 weeks)
- Sw Engineering Economics
  - Room Artá
  - June Amillo
- Verification and Validation
  - Room 6202
  - Sira Vegas
- Software Project Management
  - Room 6202
  - Ana María Moreno
- Software Metrics
  - Room 6202
  - Tomás San Feliu
- Models and Methods for Process Improvement and Assessment
  - Room 6202
  - José A. Calvo-Manzano
- Verification and Validation
  - Room 6202
  - Sira Vegas
- Requirements Engineering
  - Room 6202
  - Óscar Dieste
- Critical Software Development
  - Room 6202
  - Andrés Silva

Elective Subjects (16 weeks)
- Data Engineering
  - Room 6202
  - Ernestina Menasalvas, Javier Segovia
- Management, Relationships and Communication in Working Groups
  - Room 6202
  - Susana Muñoz
- Agile Software Development: Agile Practices and Agile Usability
  - Room 6202
  - Ana María Moreno
- Requirements Engineering
  - Room 6202
  - Óscar Dieste
- Critical Software Development
  - Room 6202
  - Andrés Silva

Special Activities (16 weeks)
- Assessment Activities
  - Room 6202
  - Óscar Dieste
- Rigorous Software Development
  - Room 6202
  - Julia Mariño
- Challenges for Accessible Computing for People with Functional Diversity
  - Room 6202
  - Loïc Martinez, José L. Fuertes
- Models and Methods for Process Improvement and Assessment
  - Room 6202
  - José A. Calvo-Manzano
- Verification and Validation
  - Room 6202
  - Sira Vegas
- Requirements Engineering
  - Room 6202
  - Óscar Dieste
- Critical Software Development
  - Room 6202
  - Andrés Silva

Elective Subjects (week 1 to 8)
- Agile Software Development: Agile Practices and Agile Usability
  - Room 6202
  - Ana María Moreno
- Critical Software Development
  - Room 6202
  - Andrés Silva

Verification and Validation
- Room 6202
- Sira Vegas
- Requirements Engineering
- Room 6202
- Óscar Dieste
- Critical Software Development
- Room 6202
- Andrés Silva
